2023 Spring Plant Fest Activities

April 15 | 8:30 am – 1 pm

Native Plant Sale | All Day

Native trees, shrubs, grasses, vines and more! We'll have the classics as well as some new species we've never had before. Full plant list to follow.

Presentation | 10 – 10:30 am

Learn how to help your Neighborhood or Homeowners Association improve bird and wildlife habitat by tackling invasive plants from someone that has done it herself! Karen Howe will talk about how she got her HOA and neighbors involved in an invasive grass "campaign" and why it was successful.

Lucy's Warbler Nestbox Building | 8:30 – 11:30 am

Build your own nestbox with Tucson Audubon Staff and Volunteers - (suggested donation of \$5)

Native Bee Nest Block Building | 8:30 – 11:30 am

Build your own tunnel-nesting native bee nesting block with Tucson Audubon Staff and Volunteers - (suggested donation of \$5)

Face Painting | All Day

Get your face painted by some of Tucson Audubon's talented staff

Kids Vulture Activity | All Day

Explore the digestive tract of a member of southeast Arizona's cleanup crew with a special activity held by Tucson Audubon's Education Department

April 16 | 8:30 am – 12 pm

Garden Tour | 8:30 – 9 am

Join Kari and Kim on a walk around the Mason Center gardens as we explore the plants and habitat enhancements that can be mimicked at home.

Native Plant Sale | 9 am – 12 pm

Native trees, shrubs, grasses, vines and more! We'll have the classics as well as some new species we've never had before. Full plant list to follow.
